Resources

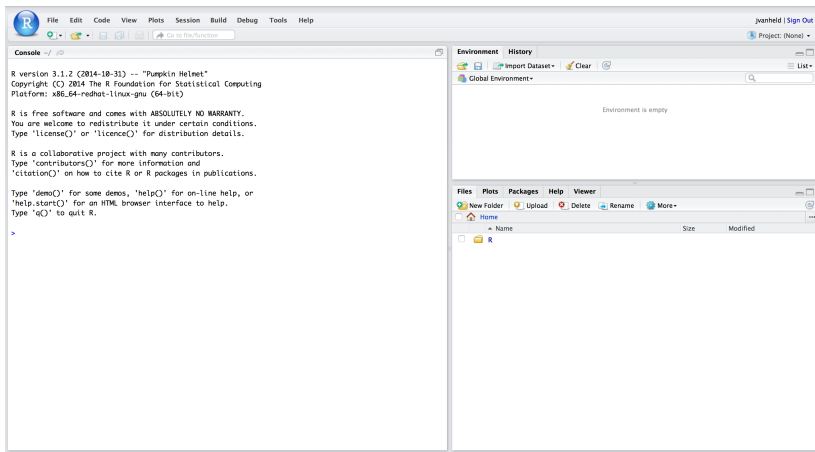

Resource	URL
RStudio	https://www.rstudio.com/
IFB cloud	http://cloud.france-bioinform
RStudio VM server at IFB cloud	http://192.54.201.140/

The RStudio VM server is available for today's practical only. User logins and passwords will be given at course.

Opening RStudio

1. Paste a post-it on the top of your laptop screen.
2. If RStudio is installed on your laptop, just open it
3. Otherwise,
 - 3.1 Open a connection to **RStudio VM server** at IFB cloud
`http://192.54.201.140/`
 - 3.2 Enter your login and password (given during the course)
4. Once you see the RStudio window (snapshot next slides), remove the post-it from the top of your laptop screen.

RStudio environment

Going further

You can now run the tutorial **First steps with R** [html][pdf]
